

# Refurbishment & Restart Project

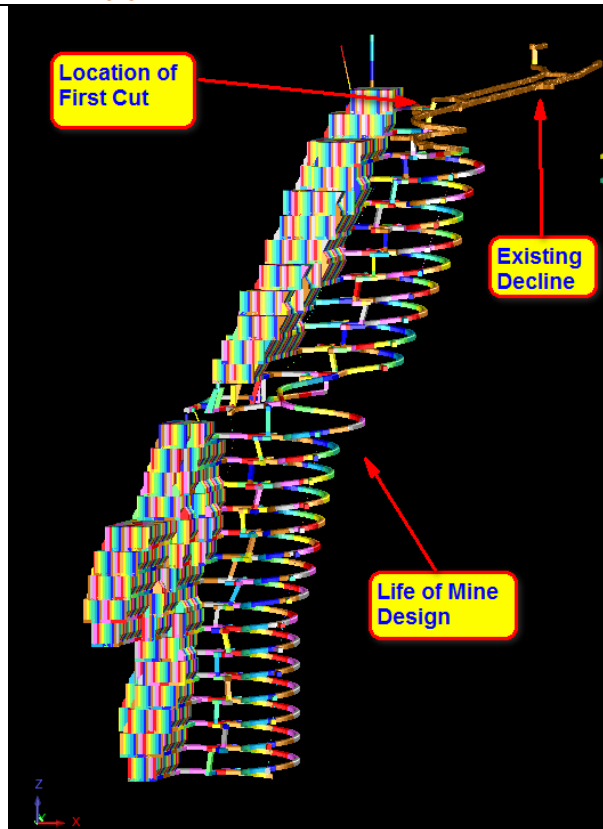

## MILESTONE Achievement

<b>Milestone Title</b>	<b>Development Commences at Esperanza South Underground Mine</b>		
<b>Milestone Date</b>	10/4/17	<b>Milestone Time</b>	11:00am
<b>Location</b>	Esperanza South – 5240 ACC 01 and 5240 SPB 01		

### Milestone Description

Continuing from the successful commencement of works at Mammoth Mine, and completion of the Esperanza South overhead powerline, site earthworks and establishment during Q1 2017, the first development advance has been taken at Esperanza South Mine by Byrnegut. This is the first development advance since closure of the Mine in 2009. Esperanza South as a sub-level cave mine forms a significant part of the sites production profile over the life of the operation.
