

# Refurbishment & Restart Project

## MILESTONE Achievement

<b>Milestone Title</b>	<b>Development Commences at Mammoth Underground Mine</b>		
<b>Milestone Date</b>	23/3/17	<b>Milestone Time</b>	14:00
<b>Location</b>	Mammoth Underground – GST-4950-ACC-01		

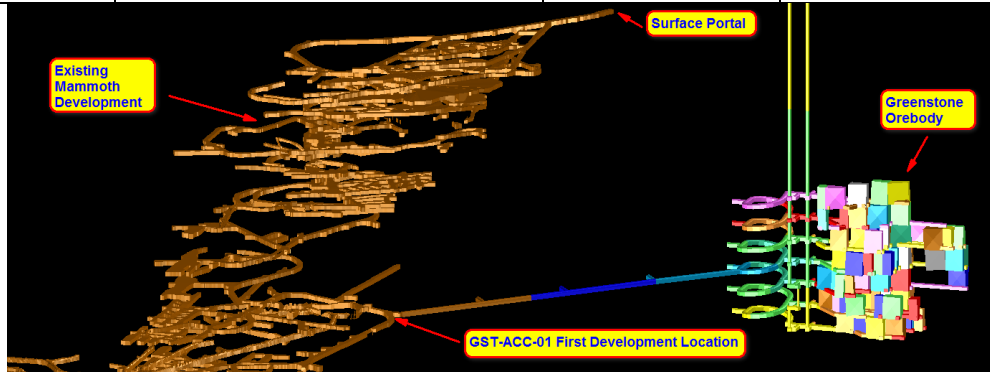

**Milestone Description**

Following successful mobilisation and rehabilitation activities by Byrncut during February, and initial firing and stripping of access locations from the 18<sup>th</sup> March, the first development advance cut has been taken towards the Greenstone orebody. This is the first development advance since the closure of the mine in 2013, and as such is a significant milestone in the restart of operations at Capricorn Copper mine.
